

February 2026

Food Safety Test Results – Summary

To help you understand what you're eating, we've gone through the full laboratory report and pulled out the points that matter most.

The eggs were tested by **FARE Labs**, an **NABL-accredited laboratory**, during **February 2026** following **FSSAI (FSSR 2011) standards**.

Clean, Fresh & Safe

- The eggs were found to be **clean and free from any foreign matter**
- **No harmful bacteria detected**, including:
 - Salmonella (a major cause of food poisoning)
 - E. coli

This confirms that the eggs are **safe for regular consumption when handled and cooked properly**.

No Antibiotics or Drug Residues

- All tested antibiotics (including tetracyclines, macrolides, aminoglycosides, etc.) were **not detected**
 - This means the eggs are **free from antibiotic residues**, which is important for long-term health and avoiding antibiotic resistance
-

Free from Pesticides & Harmful Chemicals

- A wide range of **pesticides and banned chemicals were tested**
 - All results were **Below Limit of Quantification (BLQ)**, meaning:
 - Either not present or present at extremely negligible levels
 - No traces of harmful chemicals like carbendazim, endosulfan, monocrotophos, etc. were detected
-

Heavy Metals Within Safe Limits

- Metals such as:
 - Lead
 - Arsenic
 - Mercury
 - Cadmium
- Were either **not detected or well within permissible safety limits**

February - March 2026

This ensures the eggs are **safe from environmental contamination risks.**

No Hormonal or Banned Substances

- No detection of **hormones or growth-promoting substances**
 - No traces of banned veterinary drugs or nitrofurans
-

Strong Nutritional Profile

The eggs provide natural nutrition with:

- **Protein:** ~13% (supports muscle and body strength)
 - **Healthy fats:** ~11% (important for energy and brain function)
 - **Low carbohydrates**
 - Balanced mineral content
-

Compliant with Food Safety Standards

- The tested sample **meets FSSAI (FSSR 2011) standards**
 - This confirms that the eggs comply with **Indian food safety regulations**
-

What This Means for You

When you choose FFG Eggs, you are getting:

- Eggs that are **tested for safety and purity**
- **Free from antibiotics, pesticides, and harmful residues**
- **Nutritionally rich and naturally produced**
- A product that meets **recognized food safety standards**
